RULES FOR USING THE CERTIFICATE

For the purpose of placing the product on the market, this Certificate may only be used provided the provisions of the certification scheme according to which the product has been certificated remain valid. If the normative documents applicable to the certificated product have changed or new normative documents have been issued, the usability of the Certificate must be reviewed.

The Certificate may only be used as a certificate of the product specified on Page 1. This also applies to its use in advertising, promotional and commercial materials. Unauthorized or deceptive use of the Certificate may result in its withdrawal.

It is prohibited to change, amend or overwrite the data contained in the Certificate.

The Certificate may not be used to document the properties of the product changed without consent of the SZÚ in such a way that conformity with the normative documents specified on the preceding page has been affected.

This document is secure and protected against changes after being electronically signed. You can verify the validity of the electronic signature by clicking on its icon.

You can verify the validity of the certificate using this QR code.
